PHASE 2 serviced land with planning
immediately available for Design and Build units
up to 800,000 sq ft

**HENDERSON
— PARK —**

Introducing **KONECT62**

One of the UK's
best-connected
commercial parks

Konect62 is well positioned to serve markets from the globe to the last mile, thanks to a location at the intersection of the M62 and A1(M) motorways.

The park offers excellent access to the South Yorkshire region, with 3.2 million consumers living within 45 minutes by van. Nationally, 37 million people fall within 4.5 hours by HGV.

Internationally, Konect62 accesses several major seaports and all the major UK air freight hubs within a similar drive time.

Benefitting from a market-leading specification, every unit is designed to be as durable and economical to operate as possible.

Konect62 is one of few of tri-modal sites in the UK with a live rail connection and the potential for freight handling facilities plus canal frontage meaning there is the potential for water freight access.

Discuss how Konect62 will meet your requirements by contacting the joint agents today.

konect62.com/progress

- **Phase 1:** speculative build industrial and logistics units from 61,065 to 735,896 sq ft
- **Phase 2:** 48 acres of design and build opportunities
- Less than 3 miles to J33 and J34 M62
- High level of power capacity site wide for energy intensive operations
- Local manufacturing and distribution occupiers include Amazon, Asda, Ardagh Glass, H+H Concrete, The Range, Saint-Gobain Glass, Stoelzle Glass, TJX Europe and GXO
- First units ready to occupy from Q3 2023

Forward-facing specification

Every build at Konect62 benefits from a high quality base specification, delivering a durable, efficient and sustainable operating envelope.

Warehouse

- Up to 20m clear eaves height
- Up to 50kN/m2 floor loading
- Large power capacity site-wide
- 15% roof lights
- Generous dock and/or level access door provision

External

- Concrete goods yards
- Security fencing and gates
- Security lighting
- Separate car parking
- 24/7 access
- Circular woodland walk

Office and Convenience

- High quality offices
- Suspended ceilings
- Raised floors
- Entrance atrium with lift
- Cycle and canal tow path access

Sustainability

- Target BREEAM 'Excellent'
- Target EPC A rating
- EV charging points
- Solar PV ready roofs
- Energy efficient HVAC to offices with heat recovery
- Water saving sanitary ware
- Excellent air tightness

PHASE 2

Design & build opportunities
up to 800,000 sq ft

Phase 2 builds on the success of the rapidly establishing Konect62 park.

Offering 48 acres of prime commercial development land, Phase 2 is offered on a Design & Build basis, with individual units deliverable within 18 months.

The site can accommodate up to 800,000 sq ft in Phase 2, making it one of the largest industrial and distribution opportunities available in the UK.

Transition to the low CO2 economy by locating at Konect62.

A rare tri-modal location

Positioned close to markets, Konect62 minimises the carbon emissions associated with road transport.

Konect62 park has received outline planning approval for rail handling and freight use, with the master plan including a multimodal rail terminal.

Finally, the neighbouring Aire & Calder Navigation offers the possibility of water-borne transport.

Ahead of the low carbon energy curve

A neighbouring solar power facility produces zero carbon energy, while a planned energy from waste facility will soon generate around 30MW of low carbon electricity.

*Final design and timescale for implementation subject to Reserved Matters approval.

Direct market access

Konect62 is perfectly situated to accommodate local, regional, and national distribution operations.

With a reach from London and Bristol in the south to the Scottish borders, over 37 million UK consumers are obtainable within 4.5 hours by HGV. Bridging the last mile to the urban markets and industrial base of Yorkshire, 3.2 million consumers live within 45 minutes by van from Konect62.

The major air freight hubs at East Midlands and Heathrow airports, as well as the seaports of Hull/Immingham, Liverpool, Teesport and Bristol, are all accessible by a single HGV trip and open to international markets.

Rail services available from Knottingley rail station, which is only 2.5 miles away. Bus stop adjacent to Konect62 entrance offering direct links to local services.

COLE WATERHOUSE
REAL ESTATE

Cole Waterhouse is committed to using both established and innovative approaches to development, investment and management.

We seek to ensure ESG is an integrated part of our approach across the business and our projects, from concept to completion.

There are two distinct parts to the business: Residential; Logistics. In Residential we operate in major urban centres such as London, Manchester, Birmingham and Leeds where we deliver a range of projects from medium to large mixed-use residential regeneration and student schemes.

Within the Logistics sector we target existing and future transport hubs and sustainable tri-modal connectivity locations.

We also have experience in other more opportunistic investment and management ventures.

HENDERSON PARK

Henderson Park is a private equity real estate FIRM headquartered in London.

Our investment strategy focuses exclusively on real estate investments, primarily in Western European capital and gateway cities. We look to develop long-term, trusted partnerships, based on shared vision, transparency and collaboration. Our team operates across Europe, and we have additional offices in Ireland, Luxembourg, Germany and New York.

Everything we do is underscored by a firm belief in the importance of transparency and genuine partnership. We believe our team's energy, passion and creativity enables us to work through complex situations and unlock value with hands-on asset management.

To date we have invested over \$11 billion across Western Europe targeting fundamentally high-quality real estate of all types in prime locations in gateway and capital cities.
